Open access:

New funding opportunities 2022

Dr. Rainer Rees

10 February 2022, Webinar via Zoom

Goals:

- Get to know the ETH library's new open-access funding opportunities for 2022.

- Learn how to apply for open-access funding.

Institutional funding: Gold Open Access

- ETH Library covers Article Processing Charges (APCs) if:
  - Article is published in a Gold OA journal of one of these publishers

2022

SpringerOpen

BioMed Central
The Open Access Publisher

PLOS

IEEE

frontiers

Copernicus Publications
The Innovative Open Access Publisher

MDPI

Wiley Open Access

Institutional funding: Read & Publish agreements

Valid for articles submitted by members of ETH Zurich to one of these publishers:

2022

ROYAL SOCIETY OF CHEMISTRY

ELSEVIER

Springer

AIP American Institute of Physics

IOP Publishing

Taylor & Francis

SAGE Publishing

TTP TRANS TECH PUBLICATIONS INC. Materials Science & Engineering

The Company of Biologists

WILEY

CAMBRIDGE UNIVERSITY PRESS

Karger

IEEE

- Journals included: Gold OA journals (25)
- Deadline: Acceptance Date 2022
- Exceptions: Hybrid/Subscription Journals
- Article Types: Peer-reviewed
- Workflow: → Agree to publish open access

  → Identify yourself as member of ETH Zurich during submission

  → Identification via Institution / Ringgold ID

  → Choose the license after acceptance

  → Library approves request

Company of Biologists

- Journals included: *Development, Journal of Cell Science, Journal of Experimental Biology*
- Deadline: Acceptance Date 2022
- Exceptions: Gold open access journals
- Article Types: All
- Workflow: → Identify yourself as member of ETH Zurich during submission

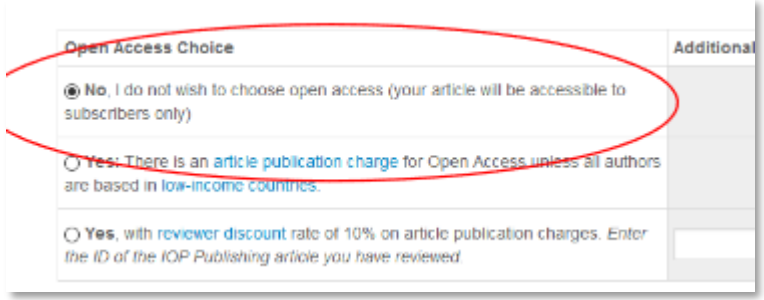
  → Choose open access

American Institute of Physics

- Journals included: Subscription journals (30)
- Deadline: Acceptance Date 2022
- Exceptions: Gold OA journals, Society journals
- Article Types: Brief Communication, Communication, Conference Article, Fast Track or Article-FT, Letter, Note, Perspective, Article, Research Update, Review, Roadmap, Tutorial
- Workflow:
  → Enter your affiliation in the submisson process and validate it
  → Select the option «I wish to publish OA as part of an institutional agreement»
  → After acceptance the library will approve the article

Institute of Physics

- Journals included: Subscription & Gold OA journals (75)
- Deadline: Acceptance Date 2022
- Exceptions: Electrochemical Society (ECS) and American Astronomical Society (AAS)
- Article Types: Primary research articles, including Research papers, Special issue articles, Letters und Review articles.
- Workflow:
  - → Clearly state your affiliation with ETH, submission form and article
  - → **STEP 6: Choose No!!!**
  - → IOP will then check eligibility and contact the authors
  - → Select an open access license



You must select 'No' at this stage.

If your article is eligible under your institutional agreement, we will contact you to confirm this later.

Institutional funding: Outside agreements

- https://library.ethz.ch/en/formulare/apc-form.html
- **Pure Gold Open Access Journals only**
- Eligibility check before publication
- Either direct payment by library or refunding possible.

Application for open-access publication fees

Please fill out this form completely to ensure the fastest possible processing of your request. Upload the original invoice from the publisher for the open-access fees as PDF file with the following billing address:

ETH Zurich
ETH-Bibliothek
Rämistrasse 101
8092 Zurich
Switzerland

Please read the information on eligibility criteria for the funding of open-access articles → before applying for open-access funds.

Fields marked with an asterisk (*) are mandatory.

If you have any questions, please contact us at e-publishing@library.ethz.ch →.

Corresponding Author Information

Institutional funding: Eligiblity

ETH Library covers APCs if:

- **Submitting or corresponding author** must be a **member of ETH Zurich** → Personal register
- The **research work** on which a publication is based must have been **carried out** in part or in full **at ETH Zurich**. (Guidelines on Research Integrity)
- Article **Affiliation details** → must clearly **indicate the author's affiliation with ETH** (Corporate Communications).
- An **institutional e-mail address** (jane.doe@inst.ethz.ch) has to be used.
- ETH publications **submitted after the corresponding author has left**, are generally eligible for funding → Confirmation might be necessary!
- Funding form**: Maximum fee 5'000$,** no cost-splitting, only OA fees
- Externally funded publications **(SNSF**, EU, etc.) **have to be financed by the respective funder.**

Summary

- Workflows → Similar, but mind the differences
- Use institutional e-mail address whenever feasible
- Use affiliation information as recommended by corporate communications
- Mind the eligibility criteria
