

## ERC Grants:

Information Sheet and Registration Form for Applicants of the University of Zurich

---

***The University of Zurich (UZH) strongly encourages its faculty and scientific personnel to submit grant proposals to the European Research Council (ERC). In order to effectively support UZH applicants and to ensure that all the necessary requirements are met, this information sheet and registration form have been set up.***

When submitting an ERC proposal, a "Letter of Commitment of the Host Institution" (called "Host Support Letter") is required. This "Host Support Letter" will be signed by a Member of the Executive Board of UZH only after the Registration Form (pages 2 and 3 of this document) has been completed, signed, and sent to EU GrantsAccess no later than **1 month** prior to the respective ERC call deadline.

After reception of the Registration Form, **EU GrantsAccess** will have the "Host Support Letter" duly signed and send it electronically to the Principal Investigator (PI).

By issuing the Host Support Letter, UZH confirms to the ERC already at the time of proposal submission that it will support and employ the researcher for the full duration of the suggested ERC project in case it is funded. Depending on the employment status of the applicant, additional agreements within the institute or the faculty need to be installed so that the project can successfully be conducted at UZH. Especially the following needs to be ensured:

- Employment at UZH throughout the project lifetime and full salary coverage (please note that only project-related working time can be charged to the project, e.g. regular teaching time cannot be charged)
- Financial and scientific independence (use of budget, publish as senior author, selection of team members)
- Access to appropriate space and facilities for conducting the ERC project

The registration form shall ensure and document that the necessary agreements between the PI, the institute and the faculty have been installed.

The Registration Form has to be completed, **signed by the PI, the Head of Institute and the Dean** and sent electronically to [grants@sl.ethz.ch](mailto:grants@sl.ethz.ch).
