ETH Zurich does not offer its own childcare facilities in Ticino. However, Ticino is a very attractive canton for families, since it has a lot to offer for children and their parents:

ETH Zurich helps its employees meeting the challenge to reconcile family and work. This information sheet offers the CSCS employees in particular an orientation about the subject of childcare in Ticino.

Information Sheet | May 2020
Hello Kids! is ETH Zurich’s service point for childcare. Parents (to-be) can take advantage of the free consultations on offer and seek help with finding suitable childcare solutions.

**Family allowance and financial support for baby’s nursery places**

ETH provides further support services for families by offering a family allowance, which exceeds the statutorily required level, and financial assistance for baby’s nursery places. Information on family allowances can be found on the corresponding website. Please fill in the application for family allowances via ETHIS.

If you are a parent whose baby under 18 months is cared for outside of the family, you can apply to Hello Kids! for a refund of the price difference between a baby’s nursery place and an infant’s nursery place. Kindly check with your chosen nursery, if there are different rates for babies and infants, in order to be able to apply for this financial support, which is only granted if there is a difference between the baby and infant rate. (In most nurseries in Ticino however there is no difference in rate.)

**ETH Zurich employees with family responsibilities will find further services at Hello Kids! Services that do not explicitly relate to the Zurich location, naturally also apply to ETH Zurich employees in other locations.**

**Your personnel manager**
