TO AND FROM THE AIRPORT

There are different means of public transport to go from Barcelona’s airport to the city: train, The “Aerobus” and metro. We recommend the metro system.

The subway or "metro" connects both terminals of the Airport with Barcelona underground network. The line is called L9 Sud. There are stops at T1 (inside the building) and T2 (outside the building, next to train station), in both cases follow the signs. The L9 Sud runs directly from Barcelona Airport to the station closer to the workshop venue: Zona Universitaria station.

Metro Airport Ticket Price (Billete Aeropuerto)
Single ticket: €4.50
You cannot use a normal standard metro ticket or the T10 ticket to go to the airport on the metro system.

The Billete Aeropuerto ticket will enable you to travel to either Terminal 1 or Terminal 2 from anywhere on the Barcelona metro system.

For more information on transport options to and from Barcelona Airport to the city centre please see the links below.

PUBLIC TRANSPORTATION

Barcelona has an extended and efficient public transport network, have a look at this link: http://bit.ly/1wZEF7P

Barcelona has an integrated fare system enabling passengers to obtain a free transfer from one means of public transport to another within a period of 1 hour and 15 minutes. There are different types of travel cards and transport passes in Barcelona that is valid throughout the public transport network (metro, buses, tram and suburban rail).

A single ticket costs € 2.15, this is an individual non-integrated ticket, so it’s valid only for a single journey. If you are staying different days in the city consider buying:

- a T-10 card which is valid for 10 journeys and can be shared among more than one person. The T-10 card costs € 9.95),
- or day passes available for 2, 3, 4 and 5 days. You’ll find the tariffs and conditions here: http://www.tmb.cat/en/barcelona-travel-card
