

D-BAUG Urban Research Seminar

April 17th, 2024, 2 - 6 pm, HIT J51

The Urban Research Seminar aims to build a bottom-up and transdisciplinary network of early career researchers at D-BAUG and beyond. Exploring the variety of perspectives, concepts and methods of urban research, the seminar hosts short talks and discussions, followed by an apéro.

Time	Presenter	Title	Department
2.00 pm	Harisena Nivedita Varma	Identifying patterns of multi-species accessibility across the Swiss-plateau	D-BAUG, IRL, PLUS
2.30 pm	Juan Villalón Hernando	Limapolis 2134. Envisioning the (no longer) informal city of the next 100 years in Huaycán, Perú.	D-ARCH, LUS
3.00 pm	Constance Brouillet	Soil extraction as an adaptation strategy to climate change - a focus on urban ecosystem services	D-BAUG, IRL, PLUS
3.30 pm	Stefan Laxness	Regular people managing landscape, what could go right?	D-ARCH, LUS
Break			
4.30 pm	Arnór Elvarsson	Mapping, reviewing and improving the planning process for transport infrastructure in Canton Zürich	D-BAUG, IBI
5.00 pm	Marco Miotti	A multi-scale approach to quantify accessibility based on open data	D-BAUG, IfU, ESD
5.30 pm	Fernando Túlio Salva Rocha Franco	Climate x Spatial Justice: measuring the impacts of the 2019-2028 São Paulo Cycling Plan on climate change mitigation and spatial inequalities	D-ARCH, LUS
Apéro			

Project Team

Prof. Dr. David Kaufmann, kadavid@ethz.ch, Spatial Planning and Urban Policy (SPUR)

Bruna Rohling, brohling@ethz.ch, Spatial Planning and Urban Policy (SPUR)

Michał Switalski, michals@ethz.ch, Planning of Landscape and Urban Systems (PLUS)
