

A.I. – Connecting the Dots

How does Artificial Intelligence work?

What is it really capable of?

Exhibition – Keynote – Talks

September 28th & 29th

10am – 9pm, ETHZ

www.reatch.ch/ai

Exhibition

September 28th & 29th 2017

10am – 9pm, ETHZ Mainhall

Experience the state-of-the-art in A.I. at our interactive exhibition. Steer an autonomous drone with your bare hands; try your luck with the invincible rock-paper-scissors robot; and get a peek under the hood of how A.I. works in our guided series.

Keynote

28th, 5:30pm, ETHZ Audi Max

Pascal Kaufmann, CEO and founder of Starmind AG:
“The State of Artificial Intelligence in a Nutshell —
on the Symbiosis of Man and Machine.”

Talks

29th, 5:30pm, ETHZ Audi Max

Talks from exhibitors:

“How will A.I. shape society? Perspectives from industry”
Bosch, 1plusX and Project ARC
