

## **Safety protocol: MSc Pharm Sciences “Communication skills”**

511-0037-00L, May 4/5/21, HIT E51

In addition to [Teaching in Spring Semester 2021](#): ETH Safety concept

### **Protection during lecture**

#### **Tests:**

It is strongly recommended, that everyone performs a COVID-19 quick test at least 1 hour before the lessons.

#### **Facemasks:**

- Students and teacher wear masks at all times during lecture and exercise (details see above safety concept).

#### **Social distancing rules:**

- during lectures and face-to-face exercises the distancing rules of 1.5 m is respected at all times.

#### **Disinfection/washing hands:**

- Obligatory handwashing or disinfection when returning to the room.
- Disinfection of equipment every evening: desks, door handle.

#### **Contact tracing:**

- Students have to keep assigned space and group.
- Recording of absences.
- Contact list will be established for every student entering the room
