

Special Topics in Theoretical Chemistry

Reiher Group Seminar • FS 2017

Tuesday | 2:30 p.m. | HCI G 232/234

Name	Date	Title
Gregor N. Simm	7 Mar	Automatic Exploration of Complex Chemical Systems in the NetworkViewEngine Framework
Arseny Kovyrshin	2 May	Recent Progress on Tensor Network Approaches
Tamara Husch	9 May	Electron Repulsion Integrals in Semiempirical Methods
Jan-Grimo Sobez	16 May	Improving the Molecular Scaffold Designer
Adrian Mühlbach	23 May	Supporting Real-Time Quantum Chemical Methods with DFT
