Safety begins with you!

The SLAM-Risk Assessment = Stop – Look – Analyze – Measures

Stop

Look

The axes of the diagram

probability

A	often
B	sporadic
C	rare
D	unlikely
E	essentially impossible

extent of damage

I	Death
II	Severe permanent health damage
III	Light permanent health damage
IV	Curable medical damage losing work time
V	Curable medical damage without losing work time

Analyze

The axes of the diagram

probability

A	often
B	sporadic
C	rare
D	unlikely
E	essentially impossible

extent of damage

I	Death
II	Severe permanent health damage
III	Light permanent health damage
IV	Curable medical damage losing work time
