Research Title:

CHECKLIST FOR YOUR APPLICATION

The application should contain the following documents, all in one PDF file, font size 12:

- This application form
- Brief description of the project as agreed between the hosting professor and the visitor (maximum one page, including references). The document should highlight the relevance of this collaboration for the visitors' current research agenda
- CV of the candidate including a list of publications
- Letter of recommendation from hosting professor
- Written confirmation of the initial financial support granted to the visitor. Notice that the ETH RRF is only an aid to match the high living costs of Switzerland and the travel costs

The PDF file should be submitted in English by email to <mailto:robotics-research-fellowship@ethz.ch>, with the title "ETH Robotics Research Fellowship application".
