WORKS IN PROGRESS

- Recalibrating Private Antitrust Enforcement (Job Market Paper)

LEGAL EXPERIENCE

Consultant, United Nations Development Programme; CADE (Brazilian Antitrust Authority) 04/19-06/21

I led two internal training workshops targeting CADE's professional staff, organized Brazil's most important international conference on digital competition, and prepared a report recommending changes to CADE's policies and procedures to adapt Brazilian antitrust laws to the digital economy. This was a part-time position.

International Lawyer - Antitrust, Latham & Watkins LL.P, Brussels, Belgium 09/16-06/17

I advised in the filing of mergers in multiple jurisdictions within the EU and around the world, in the defense of companies involved in both cartel and complex unilateral conduct investigations in the EU and Member States, and helped prepare antitrust compliance programs. I also worked on EU law matters, including anticorruption investigations, patent harmonization, spectrum allocation, and consumer protection.

Associate Lawyer, Pereira Neto | Macedo Advogados, São Paulo, Brazil 08/11-06/15

I advised major Brazilian and multinational companies on diverse antitrust matters, including the structuring of complex M&A transactions, monopolization, and cartel investigations. I also advised major international and Brazilian digital platforms and telecommunications providers on matters related to telecom and internet regulation, including data protection, spectrum biddings, net neutrality, relations with copyright collection societies, and antitrust claims associated therewith. Finally, I advised the Brazilian Government on administrative law matters involving infrastructure sectors such as airports, railways, highways, and ports.

ACADEMIC EXPERIENCE

Post-Doctoral Fellow, ETH Zurich Center for Law & Economics, Zurich, Switzerland 08/21-
I am a Post-Doctoral Fellow at the ETH Zurich Center for Law & Economics, part of the team led by Prof. Stefan Bechtold. I research topics related to competition law, privacy law and the regulation of digital markets more broadly. I also help coordinate and participate in internal and external workshops, seminars and conferences and I help mentor some of the Center's PhD students.

Associate Editor, Journal of Competition Law and Economics, Oxford University Press 09/20-

Research Fellow, Stigler Center for the Study of the Economy and the State, University of Chicago Booth School of Business 05/18-
I research topics related to competition law, public regulation, and political economy broadly defined, and help with the Center's academic programming. In addition to writing academic articles, I envisioned and am leading the implementation of the [Stigler Center Affiliate Fellows Program](#), which brings together leading young scholars from universities around the world to advance interdisciplinary research on political economy topics. I also coordinated the Center's [Committee on Digital Platforms](#), which congregated 30 leading academics and policymakers and produced four interconnected white papers addressing digital platforms' impact on market structure, data protection, the political system, and the news media industry. Finally, I organized the Stigler Center's 2019 [Antitrust and Competition Conference: Digital Platforms, markets and Democracy: a Path Forward](#), the 2020 Conference on [Monopolies and Politics](#), the 2021 Conferences on [Revisiting the Theory of Economic Regulation](#) and on the [Economics of the US Healthcare System](#), the 2022 Antitrust and Competition Conference: [Antitrust – What's Next?](#) and the 2023 Antitrust and Competition Conference: [Beyond the Consumer Welfare Standard?](#)
