ZURICH
RESEARCH
CENTER

Calling all Master's and PhD students

Huawei invites all Master's and PhD students from Switzerland, Germany, and the UK to take on two exciting challenges that push the boundaries of large-scale AI processing. Connect with top industry experts and compete for a share of the €28,000 prize pool.

Challenge(s):

1. Compression of LLM Inference
2. Communication-affined Direct Topology of NPUs

Why join?

Collaborate with industry leaders and top innovators from across Europe.

Showcase your expertise in front of Huawei's key decision-makers.

Get hands-on experience solving challenging AI and network technology problems.

Compete for a share of the €28,000 prize pool and potential career opportunities within Huawei..

Gain insights into the latest technologies and trends shaping the future of AI.

Network with like-minded individuals from multiple countries.

Who can participate?

This hackathon is reserved for students.

Apply only if you are in a Master's or PhD program.

Students from Switzerland, the UK, and Germany are invited to register! Conquer alone, no teams allowed.

When?

Online: from November to December
