

## Checklist Master thesis

based on the [Lunch Sessions](#)

## Prepare

- Are all [requirements](#) fulfilled? Also check [regulations](#)!
  - Pass [Scientific Works course](#) (takes place twice every semester)
- Find a supervisor and a topic (Hint: [Research areas](#) / [Research groups](#))
  - Check restrictions on [authorized supervisors](#)!
- Fix details: Start and end date, topic, title, goal of the thesis, etc.
- Register thesis in [myStudies](#), at least two weeks before starting

## Write

- You can start writing as soon as the registration is confirmed in myStudies

## Finish

- Add the [declaration of originality](#) as the last page
- Send your written work on the due date to your supervisor and to the [Study Administration](#). Small corrections can still be done later.
- In some cases, your supervisor will ask you to present your results to their research group
