

MSc Biotechnology: Request for a Master's Thesis outside D-BSSE

The filled in and signed form must be submitted together with a one-page project description to the student administration (student-admin@bsse.ethz.ch)

The master's thesis duration is 35 weeks full-time. Thereof, 3 weeks are reserved for writing the report and 2 weeks for public holidays, sick leave, and other unplanned short-term absences. The master's thesis is concluded with an oral presentation and a written report.

The supervising professor defines the task and start date and assesses the thesis.
