

MSc Biotechnology: Research Project outside D-BSSE - Registration

The filled in and signed form must be submitted **together with a one-page project description** to the student administration (student-admin@bsse.ethz.ch)

The allotted duration of the research project is 12 weeks full-time. Students may voluntarily extend their stay in the research group. However, for reasons of fairness and comparability, the lab research project work and report, and consequently the assessment must only refer to the official allotted duration, i.e. the first 12 weeks. The exact dates of the official report period must be written on the first page of the report.

The supervising D-BSSE professor assesses the project and report.
