

MSc Biotechnology: Research Project outside ETH/UZH/Unibas - Registration

The filled in and signed form must be submitted **together with a one-page project description** to the student administration (student-admin@bsse.ethz.ch)

The allotted duration of the research project is 12 weeks full-time. Students may voluntarily extend their stay in the research group. However, for reasons of fairness and comparability, the lab research project work and report, and consequently the assessment must only refer to the official allotted duration, i.e. the first 12 weeks. The exact dates of the official report period must be written on the first page of the report.

The supervising D-BSSE professor assesses the project and report.

Student Name: Date: Signature: Research Project Title/Topic: University/ Institution Start date: External Supervisor Name: Position: Address: Email: Phone: Peclaration by the external supervisor: I hereby declare An adequate infrastructure is available. The student will be able to submit a meaningful report which discloses sufficient information for assessment by the supervising professor: Supervising D-BSSE Professor Name: Declaration by the supervising professor: I hereby declare An adequate infrastructure is available. The student will be able to submit a meaningful report which discloses sufficient information for assessment by the supervising professor: Supervising D-BSSE Professor Name: Declaration by the supervising professor: I hereby declare A qualified advisor is available. I will grade the master's thesis and enter the result in "eDoz" I have read and approve the project description Date: Signature: Signature:	Student
