

**Swiss Climate Summer School 2019: Carbon and Climate in a Paris World:
Getting out of the Fossil Fuel Carbon Budget Crunch**

Title of the poster

Author1 (1), Author2 (2), etc.

(1) Affiliation 1

(2) Affiliation 2

<insert your extended abstract here>

The poster session is an integral part of the summer school. All participants are expected to present a poster of their on-going thesis or research project. This will give participants the opportunity to share experiences and receive suggestions and advices on-going projects.

Students who have just started their work or are about to start should present their plans (research questions, planned tools and approaches etc.).

The extended abstract should include 300 to 500 words and can include 1 or 2 figures with captions if necessary.

The overall document should not exceed 2 pages in total.

Extended abstracts can only be submitted as PDF file.

For submitting your extended abstract:

Please send it by email as a pdf file to C2SM < summerschool2019@env.ethz.ch > – deadline: June 15, 2019.
