

I think I will be bad for the economy on purpose

Stefan Schellinger & Samantha Zaugg, ZHdK

## Jährliche Veränderung des BIP und der CO<sub>2</sub>-Emissionen (weltweit)

Prozentuale Veränderung des Bruttoinlandsprodukts (BIP) und der Kohlendioxidemissionen (CO<sub>2</sub>)

*«Bringing our civilization back within planetary boundaries is going to require that we liberate ourselves from our dependence on economic growth – starting with rich nations.»*

– Jason Hickel, *Why Growth can't be Green*

*«If climate change is real, capitalism is finished»*

– Paul Mason

*«The dominant, affluent model of the <good life> is not only socially exploitative and ecologically very damaging, it is also increasingly compromised by its negative side effects for consumers.»*

– Kate Soper, *Alternative Hedonism*
