Form for supervisors of a Bachelor thesis who do not teach in the Environmental Sciences degree programme

Procedure

The supervision of the Bachelor thesis can exceptionally be taken over by persons who do not teach in the degree programme Environmental Sciences (UMNW). The procedure for this is as follows:

1. The student decides on the topic of the BSc thesis together with the supervisor.
2. The student has the supervision approved by the study coordinator using the present form and a concept of approx. 1 page.
3. The student registers the Bachelor thesis in myStudies as a course. Who is entered as the "ETH lecturer" is agreed with the study coordinator.
4. After submission of the thesis, the supervisor makes a grade proposal in consultation with the ETH lecturer (cf. [website](#) "Assessment").
5. The ETH lecturer enters the grade in eDoz and submits it. The completed form is sent to the Administration Office.
