Who's with whom? Coalitions in Lucerne forest policy

Type: A work package within the ATREE project (funded by SNSF, within the NRP 73 "Sustainable Economy")

Status: Ongoing

**Team:**   Leonard Creutzburg and Eva Lieberherr (NARP)

Figure 1: Policy networks and their interaction (adapted from Normann, H. E. (2017). Policy networks in energy transitions: The cases of carbon capture and storage and offshore wind in Norway. Technological Forecasting & Social Change, 118(C), 80-93)

- Agency
  - What are the actors' …
    - (general) forest policy beliefs?
    - management and financing preferences (with regard to their policy instrument preferences)?
- Structure
  - Social network analysis (SNA) to identify actor constellations
- Policy Network Analysis (PNA) (see Figure 1)
  - Structure-agency relationship
    - ⇨ How do the actors' policy preferences relate to their position within the network?
